

Pain Management Center

The Sturgis Hospital Pain Management Center has two locations to serve patients. In Sturgis at the Grobhiser Medical and Professional Building, 600 Lakeview Street, suite 205; and in Coldwater at 360 E. Chicago Street Suite C-102.

At the Pain Management Center, our team, lead by board certified physician, John Buonocore, DO, focuses on the diagnosis and treatment of all types of pain using the most current state of the art therapies available in medicine. Specialized methods of treatment include nerve block techniques, epidural injections, radiofrequency ablation and implantable devices. A full spectrum of medication management is also an integral part of the approach to improving quality of life and level of function for patients.

Our Pain Center providers work with multidisciplinary specialists and physical therapists, who together deliver well-rounded, patient-specific care, at the same time they maintain communication with the referring physician.

New patient referrals can be made to the Sturgis Hospital Pain Management Center by calling (269) 625-9150 or by faxing (269) 625-9151.

John Buonocore D. O.
