

# FREE Prostate Exams

Saturday, October 7, 8:30am—1:00pm

600 S. Lakeview, Ste. 201, Sturgis MI

## Don't be sorry you waited.

Prostate cancer is the most common cancer in men. In most men, the cancer grows very slowly. Many men with the disease will never know they have it. That's why an annual PSA screening is so important.

In cooperation with Sturgis Hospital, Dr. Mariano Orca is pleased to offer free prostate cancer exams, Saturday, October 7, from 8:30 am until 1 p-m.

**Space is limited! So call today to schedule your free screening.**

# 269.659.6705

**This screening is recommended for men over 50, or 40 for men with increased risk. Don't be sorry you waited.**

This free screening is part of Sturgis Hospital's  
*Caring for the Community Health Series.*
